- 2) It is envisaged that the agreement period will be 1 year. The laptop will be returned for service on an as requested basis.
- 3) The College may terminate the agreement without notice, if in the opinion of the College there is a serious breach of these terms and conditions or any related College policy. Terminating the agreement means handing the laptop back to the College.
- 4) These terms and conditions may be updated or amended by the College at any time. The College shall communicate any such updates or amendments to students and parents/guardians via direct communication and/or the College website.

- 2) If the student loses the laptop for any reason, accidental or theft, the parent/guardian will be charged the full replacement cost of the laptop.
- 3) When the term of the “rent to own” agreement expires, if the school fee account is fully up to date with no arrears the ownership of the laptop will transfer to the parent/guardian. This will include the laptop and accessories. However, the laptop will be removed from the College network and all installed software will cease to operate. If the school fee account is not up to date the laptop must be returned to the College at the expiry of the agreement.

Expectations

1) **Usage** – The laptop is for the exclusive use of the student in support of their learning and is to be brought to school each day fully charged.

2) **Modifications** - The laptop configuration, hardware and software shall not be altered or modified in any way. Students do not have permission to install any software. Installation of any/all software will be performed by the College IT Support Centre. Circumventing security settings will be considered a breach of contract.

3) **Warranty/Repair/Replacement**

All laptop repairs/replacements should be arranged through the IT Support Centre immediately in the event that it is not operating correctly, any part of it is broken or it sustains any form of damage or is missing.

a) Warranty repairs/replacements shall only be undertaken by the College.

b) Any modification or tampering with the laptop may void the warranty.

- b) When in their school bag do not leave it unattended, e.g. at the bus stop or when in the car make sure it is in the boot or out of sight.
 - c) Locked in their locker when not with them in class.
 - d) When transporting/carrying the laptop (at any time, including between classes) it should be in the protective case provided. Not being in this case could jeopardise the warranty and/or the ability to claim under Dell's Accidental Damage Protection insurance.
 - e) The laptop and bag shall not be personalised or graffitied in any way. This includes drawing on, scratching your name, painting, placing of stickers, removal of ID labels etc. on the laptop. Students are not to remove, deface or cover-up any identification labels or tags on the laptop.
- 7) **Liability** - The College is not responsible in any way and shall not be liable for any loss, costs or damages relating to the use of the student laptop for the duration of the agreement.
- 8) **Availability** - The student must have the laptop available for learning, for every class, every day.
- 9) **Software** – The College owns the preinstalled software licences and the student must adhere to those licence conditions. This means their use is limited for education purposes and never copied.

Loss or Damage and Insurance

- 1) **Accidental Damage** – The laptop is covered by Dell's Accidental Damage Protection insurance policy.
- a) A limit of one claim per year applies. As laptops are purchased prior to the school year commencement date, claim 'years' may not align with the school year.
 - b) Any intentional damage or tampering with the laptop may void the insurance.
 - c) To claim under the policy, the Parent/Guardian will be required to complete a questionnaire and return it to the school to enable the school to lodge the claim with Dell. Claims will not be made without this information.
 - d) The College reserves the right to determine if any claim will be lodged as it ultimately impacts the College insurance premium cost.
 - e) All 'accidental damage' repairs where no claim is made or where claims are rejected, are payable in full by the Parent/Guardian.

See full insurance policy 'Accidental Damage Product Disclosure Statement' for further details about the policy. www.nagle.vic.edu.au > learning > parent letters and information.

- 2) **Non Accidental Damage** - The laptop is **NOT insured for NON accidental damage**. The Parent /Guardian will be responsible for all costs to repair the laptop for such damage.
- 3) **Theft/Loss** - The laptop is **NOT insured by the College for loss or theft**. For this reason, it is highly recommended that parents/guardians include the laptop in the chattels list of moveable assets as part of their Home & Contents Insurance as 'goods in trust'.

Loss or theft of the laptop is to be reported immediately to the student's Year Level Coordinator and the College IT Support Centre. A replacement laptop will be issued to the student after full replacement cost (unsubsidised) is paid by the parent/guardian.
